

AWARE

KANAWHARECYCLES.ORG

Be part of the recycling loop - purchase items made from recycled materials.

Reduce paper and ink by printing double-sided and black and white.

Donate your household items to a local charity instead of tossing them in the trash.

Use rechargeable batteries.

Reuse totes and bags when going to the grocery or mall, reducing the need for plastic bags.

Buy products with little or no packaging in the largest size you can use.

Compost your backyard trimmings as well as your fruit and vegetable scraps.
